1 The Beatles

Read the information about The Beatles and answer the questions.

1 Who was the drummer with the band?

2 Why did people like them and their music so much?

3 Where were they popular?

4 Did they ever play together after they split up?

5 How did John Lennon die?

Bass and vocals: Paul McCartney (1942–)
Guitar and vocals: John Lennon (1940–1980)
Guitar and vocals: George Harrison (1943–2001)
Drums and vocals: Ringo Starr (1940–)

The Beatles formed in Liverpool in 1960. They were young and good-looking and their music was simple but exciting. The young men from Liverpool became very popular very quickly. Crowds of screaming fans followed the group everywhere. 'Beatlemania' spread from Britain to the United States and around the world. The Beatles became the most successful band in the history of pop. When they split up in 1970, their fans were shocked.

The group's music is still popular today and they have sold more discs than any other pop stars. After splitting up The Beatles were offered a lot of money to play together again but they said 'No'.

Sadly, John Lennon was murdered in 1980, and George Harrison died in 2001.
